Dear Joe:

Please convey to the officers and members of Lewiston Lodge No. 896 my sincere congratulations on the dedication of your magnificent new Lodge Home. This splendid new facility is proof that the members have the courage and determination to carry on the tradition of the Lodge and our Order, both rich in heritage and with abiding faith for the future. This achievement carries on the dedication and devotion which was evidenced when the Lodge was formed many decades ago.

I regret that it is impossible for me to be present for the dedication ceremonies of your wonderful new facilities--among the very best in the nation--for I know that it will insure years of good fellowship and family participation in supporting the worthy projects of the Order. I commend all of those who have borne the responsibility of this fine accomplishment.

Sincerely and fraternally,

E. Gene Fournace
