HOW IT GREW

FRED DICUS, TRUSTEE
Building Inspector

The first shovel of dirt turned by PGER William S. Hawkins, of Coeur d'Alene, started our Building Program on a smooth and progressively forward direction.

This was accomplished mainly through the efforts and watchful eyes of John D. Stone, Superintendent of Construction for the General Contractors (John also joined our Lodge). Also watching was Fred Dicus, Chairman of the Board of Trustees of 896, who acted as Inspector throughout the building construction.

To these two Brothers, the Building Committee, and all the Contractors and their workers who helped build our Temple we say, "Thank You" for helping to make the NEW IMAGE OF 896.
